INVITATION FOR EXPRESSION OF INTEREST (E.O.I)

No.AGRI/IRRI-1200/96-97/97-98/06-07/86.—The office of the Chief Engineer (Irri) Meghalaya Shillong invites the Expression of Interest (E.O.I) from reputed consultants to undertake preparation of Master Plan for Irrigation Development in the state of Meghalaya. The Master Plan would form the basis for development of irrigation in the State including proper utilization of the available water resources for reaping the multiple benefits in the irrigation sector to promote the economic growth of the State.

1. The interested parties may submit the following information:

- (a) Profile of the party with current financial position, details of promoters background and management structure.
- (b) Comprehensive plan for fulfilling the set objectives.
- (c) Details of the infrastructure available for carrying out the assignment.
- (d) Past experience of the same or similar nature of work and work in hand with brief details.
- (e) Experience of key personal, qualification and relevant experience.
- (f) Financial strength of the consultant - turnover figure for the last 3 (three) years income/profit of that period.
- (g) Experience, if any, of working in the North Eastern Region with full details.

2. The scope of works and objectives :-

- (i) The main scope of the work is to prepare a comprehensive full scale irrigation master plan for the State of Meghalaya on the basis of the data collected by the organization / firm / agency after undertaking practical field Survey taken with the help of topo map of Survey of India, remote sensing, satellite imagery etc. The entire data process should be practically field oriented, independent of official data of the Department.
- (ii) The objective is to indicate the basin, sub-basin and watershed wise availability of the resources for irrigation (wet cultivation in valley areas as well as in terraces on the hill slope including dry cultivation in hilly areas); hydel power (mega, mini, micro); flood moderation/protection; drinking water supply; industrial uses and forestry management etc.

(iii) Components of study :

- (a) Collection, assessment and documentation of data and propose future data needs.
- (b) Identification assessment and quantification of available water resources both surface and ground water, basin and sub-basin wise.
- (c) To study present utilization of the available water resources and estimate the existing and future demands by various users, based on available information.
- (d) To assess the land resources through topo sheets/Reports/Imageries.
- (e) Agro-climatic zoning on the basis of land & soil characteristics, vegetation, agricultural practices & climatological data based on existing data.
- (f) Formulation of a general cropping pattern according to suitability of different crops for different soils & climatic conditions.
- (g) Assessment of water requirement of the crops in different agro-climatic zones to assess the need for irrigation in different zones.
- (h) Citing of appropriate irrigation schemes (major, medium and minor) based on available hydrological, topographical, geological data, toposheets etc.
- (i) Identification of Micro/Mini hydel projects including location of such sites & assessment of their potential.

- (j) Delineation of areas suited for generation of irrigation potential, rainfed etc.,.
- (k) River training & bank stabilization measures where required.
- (l) To study flood protection works & soil conservation in general and catchment area treatment.
- (m) Assessment of present & future water requirements for Industries, fisheries sewerage & Sewage disposal, drinking water, forestry, etc. in general based on available data.
- (n) To assess existing laws, regulation, orders, operating rules & water rights & all legal aspects of water resources development, suggesting legislation / regulation.
- (o) To prepare frame work basin plans.
- (p) Summarize & integrate basin plans into state wide plan which will also indicate inter-basin transfers, water allocation under inter-state agreement & allocation of priorities for various users.
- (q) To suggest future planning for optimal utilization of the water resources of the State which will include specific proposals for storage & utilization.
- (r) Suggest state water policy keeping in view the new national water policy & specific needs of the state.
- (s) Prepare a map of appropriate size and scale to depict the various types of irrigation projects in different colours and legends for the entire state.
- (t) Compile the entire data (soft copies & hard copies) - a user friendly computer programme would be developed for extraction of data at the click of a mouse.
- (u) Suggest measures for effective monitoring and evaluation of completed/ ongoing projects.

On the basis of responses received from the consultants, the consultants duly fulfilling the requirements would be short listed for final selection.

The E.O.I. to be addressed to the Chief Engineer (Irri) Meghalaya Shillong, Cleve Colony Shillong - 793003 Fax No. & Tel. No. 03642211363.

The envelope containing the E.O.I. shall be marked as "Expression of Interests for Preparation Master Plan/for Irrigation Development".

The last date for submission of E.O.I. will be 20th August 2007.

Chief Engineer (Irrigation)
Meghalaya, Shillong.
